

Attract More International Customers

with LIVE Language & Cultural Assistance

Jeenie™ is the mobile app that helps Destinations talk to international travelers in their language

Jeenie™ Empowers Destinations to:

-  Communicate in real time with customers in any language
-  Build loyalty and enhance the international guests' experience
-  Remove the greatest source of travel anxiety: language!

"With Jeenie™, traveling is less stressful. I feel safer. It's like having a travel companion who knows the local language and culture."

— Dale H., Jeenie™ client

A lack of language support provided by Destinations is a top reason that tourists don't enjoy traveling abroad more, according to a 2017 Hotels.com study.

2017 Chinese International Travel Monitor, Hotels.com

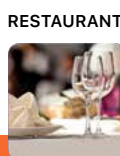

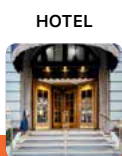

Create a LanguageFriendly™ Destination

- Differentiate your destination as **LanguageFriendly™**
- Remove language barriers for speaking to international guests
- Provide inexpensive, round-the-clock access
- Eliminate the hassle and cost of finding and hiring bilingual staff
- Receive valuable data about your international customers: numbers, points of origin, preferences, satisfaction level & much more!

How Jeenie™ Works

Simply scan a QR code and open the app on any smartphone. In a few quick taps a virtual, HUMAN linguist will appear via video or audio to:

-  Answer language and cultural questions
-  Resolve issues quickly
-  Share more information about your Destination
