SEE WHO HAS REQUESTED AN APPOINTMENT WITH YOU AND SUBMIT A MUTUAL REQUEST

Note: Mutual requests are given the highest priority during the scheduling process. See <https://www.ipw.com/appointments> for the matching order.

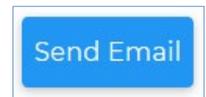

1. Click on the “Who Requested Me” button in the block of buttons at the top of the screen to display only those companies that have requested an appointment with you.

2. Check the **Request Status** to determine whether you also requested that company.
3. Click “Add Request” to submit a mutual request.

EMAIL A COMPANY ON THE LIST

3. You can also email all of the requests on your list from the View/Prioritize My Requests tab.

NAVIGATING THE VIEW/PRIORITIZE MY REQUESTS TAB

Note: When attempting to schedule requests that are not mutual, the system looks to the prioritization list. “Exhibitor-only” requests are processed in order according to the priority you set on this screen. Therefore, you should weight your most critical targets with the highest priority to increase your chances of securing a computer-generated appointment with companies that have not also requested you.

1. Click on the “View/Prioritize My Requests” button in upper left to switch from the default view.

FINISHING YOUR REQUEST SESSION AND LOGGING BACK IN TO MAKE CHANGES

- You may log back into the Appointment Request software and change your requests as many times as you like before the deadline date (shown on the left side of the screen, below your name and company name). Check back frequently to search for Journalists that may have registered after you prepared your original request list.
- The date you submitted your requests has no bearing on the prioritization of appointments being scheduled. Requests submitted the day the system opens are given the same weight as requests submitted five minutes before the system closes.
