## Navigating between Exhibitor and Media Marketplace Requests

1. To navigate between appointment requests for the **Marketplace Hall** (show floor) and **Media Marketplace**, you must select the applicable tab to display the available companies for each type of request. For example, if you only want to request available companies participating in Media Marketplace, select the Request Media Marketplace tab.

## Navigating the Make New Requests Tab

1. By default, this view displays the **list of all possible companies** with whom you can request an appointment, their registration type, and appointment request status

Note: some exhibitor listings have a second row with a plus sign before the company name. The plus sign indicates a booth-sharing partner. When submitting your appointment request, however, you will be requesting the booth-holding company, not the booth-sharing partner.

If you are requesting Exhibitor appointments and see **“Opted Out”** rather than “Add Request” or “Remove Request,” the exhibitor did not wish to schedule appointments on the show floor with your registration category.

Exh	Opted Out

Note: U.S. Exhibitors can “Opt Out” of appointments with Journalists in the **Marketplace Hall**, but not in **Media Marketplace**.

2. You can **sort the list** by **clicking** on any of the **column headings**. To sort by Company Name, for example, click on the Company column heading.
3. Look in the **top middle** of the screen to see the **number of requests your company is allowed** as well as the **number of companies you have requested**.

### Finishing Your Request Session and Logging Back in to Make Changes

1. You may log back into the Appointment Request software and change your requests as many times as you like before the deadline date (shown in the top left corner of your screen). Check back frequently to search for U.S. Exhibitors and Media Marketplace Exhibitors that may have registered after you prepared your original request list.
2. The date you submitted your requests has no bearing on the prioritization of appointments being scheduled. Requests submitted the day the system opens are given the same weight as requests submitted five minutes before the system closes.

**Note: If at any time during your session, you are unsure of what a button or column means, click the Help button at the top of the screen for a quick explanation.**
